## **SECTION 1 - HOW TO TENDER**

### **General**

1. Kirkbymoorside Town Council (hereafter “the Council”) is seeking tenders for maintenance of the roundabout. The roundabout is situated at the junction of the A170 and Piercy End and Ings Lane.
2. The roundabout has service cables and any contractor working onsite will need to be aware of this at the tender stage and allow for any necessary hand working.
3. The contract will be for a two year period commencing on 1 April 2016; however, the Council has the power to extend the contract for a further year subject to it being satisfied that the Contractor has provided the required service to its satisfaction. The contract will be adjusted by RPI to reflect the increase in inflation between 1 April 2016 and 1 April 2018. No other adjustment or re-negotiation of the price will therefore be possible for the extended period except, of course, if there are any changes to the specification.
4. Either the Council or the Contractor may give one month’s written notice to terminate a contract after the first six months from its commencement.

### **Evaluation**

5. The Council will evaluate tenders by considering the following principal factors:
  - (a) compliance with tender documentation;
  - (b) tender submission including rates and prices;
  - (c) references.
6. The Council does not bind itself to accept any tender or the lowest tender but every effort will be made to reach a preliminary decision on the award of contracts by 21 March 2016. Tenders should therefore remain open for acceptance until that date.

### **Canvassing etc**

6. Any Tenderer who canvasses any Member or Officer of the Council, whether directly or indirectly, relating to the award of this contract will be disqualified.
7. If the Tenderer:
  - (a) fixes or adjusts the amount of the tender by arrangement with any other person; or

- (b) communicates to any person other than the Council the amount of the tender (unless the disclosure is made for insurance purposes, for example); or
- (c) agrees with any other person that they will agree not to tender or as to the amount of any other tender to be submitted; or
- (d) offer or pays any sum of money to any person to induce such a person to accept the tender

then the Tenderer shall be disqualified from tendering and may be subject to civil and criminal liability.

### **Freedom of Information and Confidentiality**

8. Bidders should be aware that information relating to this quote may be subject to the provisions of the Freedom of Information Act. The Act requires the Council to provide copies of information to any third party who makes a request for it. Certain information is exempt from disclosure under the Act, including information which is a trade secret, commercially sensitive (unless to disclose is in the public interest) or confidential in nature. If the bidder believes that any information supplied by them would fit within the exemptions set out in the Act then they should inform the Council in writing, giving a precise definition of the information the bidder considers to be exempt and citing the relevant exemption. Bidders should not mark all information submitted to the Council as “confidential”, but only information that the bidder believes to be exempt under the Act’s confidentiality and commercial interest exemptions. The Council will endeavour to consult the bidders before information of this type is disclosed to third parties. The Council cannot, however, accept any restriction on its ability to disclose information which (in its reasonable opinion or in accordance with any recommendation, notice or decision of a competent authority) it is required to disclose under the Act. **Consequently, the Council cannot guarantee that any information supplied by the bidder will be kept confidential.**
9. Whilst information held by the Council is subject to the above the bidder will be required to keep confidential all information supplied to it by the Council which is exempt from disclosure because it is confidential, commercially sensitive or a trade secret under the Act, whether or not the Council designates or marks it as confidential (“confidential information”). The bidder shall ensure that those of its employees who need to see and use it for the purpose of provision of the Supplies are aware of this obligation of confidentiality and undertake to comply with it. The bidder will also be required to ensure that the terms of any sub-contract reflect this requirement.
10. The bidder acknowledges and agrees that by submitting a bid to the Council it agrees to the terms of this Freedom of Information and Confidentiality section.
11. Confidential information provided by the Council may include but not be limited to employee liability information for the purposes of the Transfer of Undertaking (Protection of Employment) Regulations and information relating to details of the incumbent service provision.

## **Fraud, Corruption and Ethical Standards**

12. The Council believes in a strong ethical culture. The conduct of its Members and Officers in fulfilling their roles is regulated by National Codes of Conduct and a comprehensive complaints framework.
13. Standards of behaviour within the Council are generally excellent. The Council continues, however, to promote the ethical agenda to ensure the existing high standards are maintained, and the Chairman and Town Clerk are committed to working together to lead by example and to uphold the ethical wellbeing and effective governance of the Council.
14. In working with partners and service providers on Council business, the Council requires similarly high standards from those with whom it works.
15. Further information about the Council's standards of conduct can be obtained on application.
16. Where you believe the conduct concerned may constitute a fraudulent or other criminal offence then there are policies within The Council to help you raise your concerns.
17. The Council is committed to preventing and detecting fraud.
18. The Council also expects that all contractors and their staff who work on Council contracts are to comply with the requirements of the Council's policies.
19. Contractors must ensure that they and their employees are aware of the Council's policies.
