Notes on budget

- a) Only net figures are shown since the council is not trading, little is gained by showing income and expenditure separately (although the figures shown are derived from the income and expense items prepared by the clerk last year with some revisions this year).
- b) A few essential items are in the category "Cost of existence". These are unavoidable if the council exists at all.
- c) There seems no justification for including large contingencies. The budget figures should be the best possible estimates, and any unavoidable errors are then covered by the council's reserve.
- d) Elections (in "Cost of Existence") is a payment into reserves, so actual election costs must be met from reserves, and do not require a budget for actuals. Suspended while we have a sufficient reserve.
- e) The budget aims to keep a balance whereby overheads combined with cost of existence are no more than 45% of the precept.
