

## SYLATECH – ENGINEERING YOUR FUTURE

Sylatech serves a wide range of businesses globally and is key to the critical supply chain of some and as such, we continue to operate during the current Covid-19 outbreak. The Government has classified that all defence work is critical and the Ministry of Defence (MoD), specifically the Defence Equipment and Support 'DE&S,' has informed us through our supply chain, of the vital role that we have in supporting the outputs for Defence. The Government and the MoD have asked that Defence companies and their suppliers continue delivering services and equipment with as little disruption as possible.

During the current Covid-19 outbreak, Sylatech has a Crisis Management Team in place to specifically manage the risk to staff and security of the business in Kirkbymoorside. It is of critical concern for the Board of Directors and the Senior Management Team of Sylatech, to treat the Health and Safety of our employees and the potential impact on our local community, with the very highest priority.

Gordon J Gunn  
Commercial Director
